

“ALL FOR THY SAFETY” – King Lear

Live performances at Merely Underground are a long-awaited joy; they require all of us to work together to ensure the safety and health of our audiences, cast, and crew. We want to continue to be able to perform for our community.

We are proud of our state-of-the art ventilation system, which allows you to breathe easy.

Safety protocol is an ever-evolving process these days, but this is our protocol at the time that you are buying your ticket, in keeping with local and CDC recommendations:

All members of the cast and crew have been fully Covid vaccinated/tested.

We highly recommend, but do not require, vaccines of all sorts for our audience members.

Masking is optional.

We ask that our audience members review their health status before entering our theater. If you are exhibiting symptoms of any ailment, have been exposed to someone with Covid-19, or have tested positive for Covid in the past two weeks, please call us to release your tickets and do not attend.

Please return to this page before the show, so that you can see if there are additions or changes to the protocol. We appreciate your support in following these public health procedures.

OUT OF THIS NETTLE – *Danger* - WE PLUCK THIS FLOWER- *Safety*. – Henry IV, Part One
